Son of Old Man Hat is the autobiography of a Navaho Indian from childhood to maturity. With a simplicity as disarming as it is frank, it tells of his birth in the spring "when the cottonwood leaves were about the size of my thumbnail," of how he first shared family tasks by guarding the sheep near the hogan, of his sexual awakening. As he grows older, into the story come accounts of life in the open, of nomadic cattle-raising, farming, trading, communal enterprises, tribal dances and ceremonies, love-making and marriage. Free though it is, it is a life founded upon principle: as Son of Old Man

Page 1/7
Hat grows in understanding as well as in stature, the accumulated wisdom of his race is made known to him. He learns the necessity of honesty, foresightedness, self-discipline. The style in which the narrative is clothed is almost biblical in its rhythms; but biblical, too, in many respects, is the "savage" way of life which it recounts. Day breaks over the town. Get up, everybody! It's time to go to school. For the old man too, it's time to wake up. The night was icy and he's hungry. His name? He doesn't know . . . This is the story of a person with no job, no family, no home--a nobody, who can't even remember what he was once named. But his day changes when he is noticed by a child. Drawn in soft, watercolor pencil, this is an important story for our times. This gentle, compelling book will appeal to a child's sense of justice and to every reader's compassion.

Set in the Gulf Stream off the toast of Havana, Hemingway's magnificent fable is the story of an old man, a young boy and a giant fish. In a perfectly crafted story, which won for Hemingway the Nobel Prize for Literature, is a unique and timeless vision of the beauty and grief of man's challenge to the elements in which he lives. Roger Angell, the acclaimed New Yorker writer and editor, steps up with a selection of writings that celebrate a view from the tenth decade of an engaged, vibrant life. Whether it's a Fourth of July in rural Maine, the opening game of the 2015 World Series, editorial exchanges with John Updike, a letter to a son, or his award-winning essay on aging, "This Old Man," what links the pieces is Angell's unique perceptions and humor, his utter absence of self-pity, and his appreciation of friends and colleagues encountered over a fruitful career unlike any other. A companion to the Hemingway classic discusses such topics as the story's formal characteristics, historical background to life in Cuba, and sports featured in the story. A bicyclist for decades, along the way Marc Cramer fell in love with the journey. Old Man on a Green Bike is Mark's invitation to you. From the politics to the practicalities of conscious bicycling, Mark inspires us to take to two wheels for our own sake, and for the good of the planet. While The Tempest has always been one of Shakespeare's most entertaining and enchanting plays, it continues to stir up passionate debate throughout the world because of its ideas and attitudes toward race, class, political power, and colonialism. This casebook systematically examines these issues, as well as several others, from dramatic and historical perspectives and through parallel contemporary applications. Readers are first introduced to the play with a dramatic analysis that situates the work within Shakespeare's canon and within the romantic tradition. This fresh interpretation also casts much light on the use of imagery and language in setting, character, and thematic development. This casebook draws on the themes and issues introduced, and examines each one in turn with insightful original essays and primary documents. The shipwreck that sets the play in motion is examined in terms of the discovery of the new world, and the prevailing attitudes toward colonialism. A brief chronology of New World events helps situate the historical excerpts. Another intriguing topic explored in the casebook is the diverging Elizabethan views on science and religion, with a particular focus on the role of magic. Primary documents that help readers appreciate the significance of matters of sorcery and the supernatural include excerpts from Reginald Scott's 1584 The Discovery of Witchcraft, James I's Demonology (1597) as well as Marlowe's Doctor Faustus. Other topic chapters examine political power and treachery, as well as society in terms of marriage and the court. A full chapter is also devoted to performance and interpretation of the play. The final Contemporary Applications section investigates current global concerns that parallel those in the play, and help readers appreciate Shakespeare's play in relation to the world around

us. Readers are shown dramatically contrasting perspectives on colonialism in Zimbabwe. The casebook concludes with a fascinating discussion of the parallel elements of fantasy in The Tempest and in literary works by popular contemporary writers J.R.R. Tolkien and J. K. Rowling. Understanding The Tempest follows the successful casebook format developed specifically for the Literature in Context series. Following a dramatic analysis, each topic chapter presents an important historical issue in the play, with insightful narrative essays supported by primary documents. In several chapters, brief chronologies of significant related events help readers understand the historical context of the play and its thematic concerns. As a tool for student research and classroom work, educators will appreciate the numerous topics for written and oral discussion suggested at the conclusion of each unit. Suggested readings further complement the content and research applications of the casebook. The haunting true story of the elusive serial rapist turned murderer who terrorized California during the 70s and 80s, and of the gifted journalist who died tragically while investigating the case—which was solved in April 2018. Introduction by Gillian Flynn • Afterword by Patton Oswalt “A brilliant genre-buster. Propulsive, can’t-stop-now reading.” —Stephen King For more than ten years, a mysterious and violent predator committed fifty sexual assaults in Northern California before moving south, where he perpetrated ten sadistic murders. Then he disappeared, eluding capture by multiple police forces and some of the best detectives in the area. Three decades later, Michelle McNamara, a true crime journalist who created the popular website TrueCrimeDiary.com, was determined to find the violent psychopath she called “the Golden State Killer.” Michelle pored over police reports, interviewed victims, and embedded herself in the online communities that were as obsessed with the case as she was. I’ll Be Gone in the Dark—the masterpiece McNamara was writing at the time of her sudden death—offers an atmospheric snapshot of a moment in American history and a chilling account of a criminal mastermind and the wreckage he left behind. It is also a portrait of a woman’s obsession and her unflagging pursuit of the truth. Utterly original and compelling, it has been hailed as a modern true crime classic—one which fulfilled Michelle’s dream: helping unmask the Golden State Killer. It has been recorded by some astute observer of life that “Knowledge is power!” If that is the truth, then ignorance is impotence! Nowhere is this reality of greater consequence than in the arena of the classic battle between good and evil; right and wrong; holiness and unholiness! No one can live what one has never known nor can one know what one has never heard. This book, “It’s all in the Knowing,” puts to rest every excuse that the Child of the King has for living beneath the privileges of the sons of God! Read this book! Study this book! Examine it with your Bible in your hand and you will see that your prayer life will be revolutionized! You will rejoice because your expectations of God will be those that will cause Him to smile at His sons who are living as
His sons! If you allow this book to become a Knowing in your heart; a Revelation in your spirit - you will walk as a son of God among men! “It’s all in the Knowing!” Bishop J. A. Tolbert 1st

One of Hemingway's most significant novels is examined thematically and contextually in this literary casebook. Willis Wu doesn't perceive himself as a protagonist even in his own life: He's merely a Generic Asian man. Sometimes he gets to be Background Oriental Making a Weird Face or even Disgraced Son, but he is always relegated to a prop. Yet every day he leaves his tiny room in a Chinatown SRO and enters the Golden Palace restaurant, where Black and White, a procedural cop show, is in perpetual production. He's a bit player here, too, but he dreams of being Kung Fu Guy--the most respected old that anyone who looks like him can attain. At least that's what he has been told, time and time again. Except by one person, his mother. Who says to him: Be more. Playful but heartfelt, a send-up of Hollywood tropes and Asian stereotypes, Interior Chinatown is Charles Yu's most moving, daring, and masterly novel yet.

These are the Faroe Islands as they were some fifty years ago: sea-washed and remote, with one generation still tied to the sea for sustenance, and a younger generation turning towards commerce and clerical work in the towns. At the post-hunt whale-meat auction, the normally cautious Ketil enthusiastically bids for more meat than he can afford. Thus in his seventieth year, Ketil and his wife, along with their youngest son, struggle to repay their debt. They scavenge for driftwood and stranded seals, and knit up a storm of jumpers to sell in town. A touching novel that deftly captures a vanishing way of life. 'The Faroese voted this their book of the 20th century; by any nation's standards it's a classic.' Financial Times

Living in a "perfect" world without social ills, a boy approaches the time when he will receive a life assignment from the Elders, but his selection leads him to a mysterious man known as the Giver, who reveals the dark secrets behind the utopian facade. During World War II, Colonel Richard Cantwell, an American soldier, falls in love with a young Italian countess in Venice. Now a classic, this is the fundamental text for those seeking a "Spiritual Understanding of Nature on the Basis of Goethe's Method of Training Observation and Thought." Working out of a detailed history of science, Lehrs reveals to the reader not only how science has been inescapably led to the illusions it holds today, but more importantly, how the reader may correct in himself these misconceptions brought into his world view through modern education.

The story of an old Cuban fisherman, down on his luck, and his supreme ordeal, a relentless, agonizing battle with a giant marlin far out in the Gulf Stream. Strange, wondrous things happen in these two short stories, which are both the perfect introduction to Gabriel García Márquez, and a wonderful read for anyone who loves the magic and marvels of his novels. After days of rain, a couple find an old man with huge wings in their courtyard in 'A Very Old Man with Enormous Wings' - but is he an angel? Accompanying 'A Very Old Man with Enormous Wings' is the short story 'The Sea of Lost Time', in which a seaside town is brought back to life by a curious smell of roses. Very few studies have examined the worldview of the Anishinaabeg from within the culture itself and none have explored the Anishinaabe worldview in relation to their efforts to maintain their culture in the present-day world. Focusing mainly on the Minnesota Anishinaabeg, Gross explores how their worldview works to create a holistic way of living, which the Anishinaabeg call the Good Life. However, as Gross also argues, the Anishinaabeg saw the end of their world early in the 20th century and experienced what he calls 'postapocalypse stress syndrome.' Presents a collection of critical essays on the novel that analyze its structure, aesthetics, conclusion, and narration. A nameless, eccentric old man, sitting in the corner of a cozy London tea shop, uses pure deduction to solve a
series of baffling crimes – from gruesome murders to cases of deadly blackmail. This remarkable and monumental book at last provides a comprehensive answer to the age-old riddle of whether there are only a small number of 'basic stories' in the world. Using a wealth of examples, from ancient myths and folk tales via the plays and novels of great literature to the popular movies and TV soap operas of today, it shows that there are seven archetypal themes which recur throughout every kind of storytelling. But this is only the prelude to an investigation into how and why we are 'programmed' to imagine stories in these ways, and how they relate to the inmost patterns of human psychology. Drawing on a vast array of examples, from Proust to detective stories, from the Marquis de Sade to E.T., Christopher Booker then leads us through the extraordinary changes in the nature of storytelling over the past 200 years, and why so many stories have 'lost the plot' by losing touch with their underlying archetypal purpose. Booker analyses why evolution has given us the need to tell stories and illustrates how storytelling has provided a uniquely revealing mirror to mankind's psychological development over the past 5000 years. This seminal book opens up in an entirely new way our understanding of the real purpose storytelling plays in our lives, and will be a talking point for years to come.

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. A seemingly ordinary village participates in a yearly lottery to determine a sacrificial victim.
